

Secluded luxury chalet

**Petit Perkeene, La Nouvaz, Courchevel Le Praz,
4,000 Euros per week. Friday to Friday**

We have recently renovated a farmhouse in the charming hamlet of La Nouvaz which is situated 5 minutes below Le Praz and its ski lifts to Courchevel. The accommodation consists of two twins and two doubles, three with bathrooms and one with a shower. The accommodation comes with a couple to clean, drive you to and from the slopes daily and cook breakfast and dinner.

The cost of food and drink is not included so you can choose your own menus ranging from cottage pie to foie gras and fillet. A seven seater four wheel drive vehicle can also pick you up from local airports. The main living area is a classic vaulted Savoie room with a huge fireplace surrounded by comfortable sofas after a heavy days skiing. The views across the valley are breathtaking, an inviting way to get you on the slopes first thing in the morning.

There is a separate entrance downstairs where there are heaters for your ski boots, along with a television room and a computer with internet access. The chalet has no direct car access and is a two minute walk along a cobbled street into the heart of the hamlet, so if you are after a quieter self contained secluded skiing holiday, this is the place for you.
